**DEPARTMENT OF HOME SCIENCE
SDMGPG COLLEGE DOIWALA (DEHRADUN)**

SUBMITTED BY

DR. PRABHA BISHT

ASSOCIATE PROFESSOR

DEPARTMENT OF HOME SCIENCE

1. BRIEF INTRODUCTION ABOUT DEPARTMENT/SUBJECT/ PROSPECTS:

Home Science is multidimensional and applied discipline, it is also known as Home Economics, Human Ecology or Community Science. It contributes to the improvement of the living quality of Individual and family thus plays an important role in National Development. The study of Home Science takes an action oriented, empowerment approach that enables students to build capacity for critical and creative approaches for decision making and problem solving catering to fundamental needs and practical concerns of individuals and families. There exists a direct link between Home Economics and National Development stemming from shared goals. Human Development, Clothing and Textiles, Foods and Nutrition, Family Resource Management and Extension and Communication are the different branches of Home Science that equip learner with skills required to create sustainable development.

Department of Home Science at SDMGPG College offers UG Programme. As of now 60 seats are available for the course.
