Course outcome of Military Science

Military / Defence Studies is also known by various names like defence and strategic studies, military science, war and national security studies, war and strategic studies in the world. The approach to the study of national security is interdisciplinary and as such encompasses such aspects like geopolitics and military geography, science and technology, economics of defence, conflict management and conflict resolution, etc.

Scope of Military / Defence Studies:

Defence Studies expose the individuals to an in-depth analysis of contemporary events and issues in this multilateral, unpredictable world. This provides the broad field within which Nations of States and non-state factors interact. An attempt is made to provide for both of theoretical understanding of how and why Nations behave as they do and also a historical survey of the major trends in world affairs. It also includes an understanding of Indian Military History, The defence organisation of India, India's National Security, the economics of defence.

Career options for Military / Defence Studies:

The candidates who have passed bachelor's / master's degree in this subject, can start career as lecturers and go for research fields like international relations, geostrategic, geopolitical socio-economic and tactical aspect of war.

- One can get jobs at Indian Army,
