Zero waste management Activity
29UKBn, NCC
S.D.M.Govt.P.G.College,Doiwala

From 19 September, 2024 – 01 October, 2024, 48 cadets and 01 ANO participated in the construction of ecobricks from the plastic waste collected from the institution. The activity was undertaken under zero waste management employing 3R approach of waste management. The eco bricks formed were then used in constructing and extending the sitting platform for the college students. Firstly, the plastic waste was collected from the college and then, one litre plastic bottles were filled with the plastic waste. Secondly, ecobricks were then used to make a sitting platform. 34 cadets, 01 ANO, 01 SM, 01 trg offr and 01 PI participated in the process of final preparation of ecobricks and construction of the sitting platform.
